

Jordan Foley
Chief Product Officer
Athenium Analytics LLC

Jordan has held a wide range of responsibilities at Athenium Analytics since joining the company in July of 2013. As a meteorologist, Jordan led the development of data-powered solutions relating to upper-atmospheric wind analyses, and other weather conditions, for the U.S. Intelligence Community. Since then, Jordan has led project management, product development, and account management – including management of the company’s largest and most strategic clients – as the company grew to offer solutions for the insurance industry.

Jordan graduated Summa Cum Laude from NC State University with an B.S. in Meteorology, followed by an M.S. in Atmospheric Science from the University of Maryland, College Park.
